

Just what you need, and nothing you don't. The large buttons allow you to confidently dictate without the need to look at your device.

Sliding the job entry to the left plays the job and reveals the following options; Delete, Info, and Resume. Resuming the job returns it to the Dictation Tab for further editing.

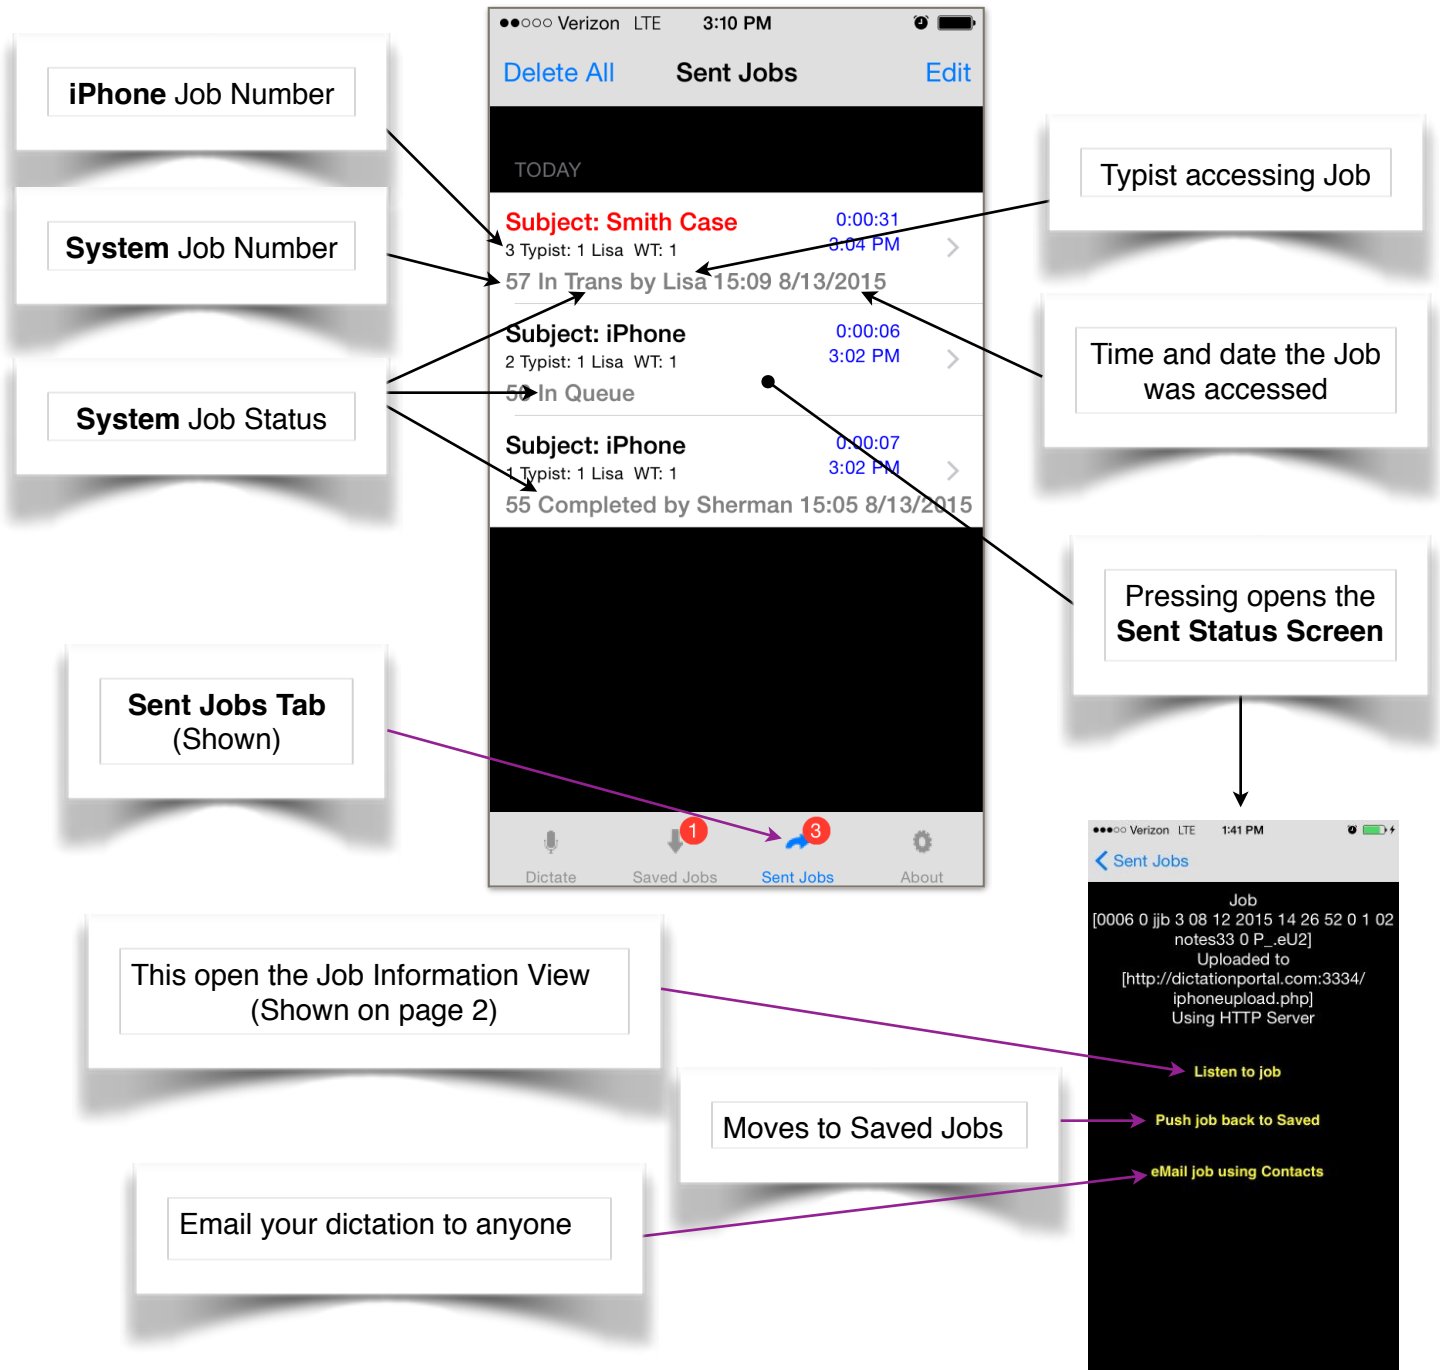

Pressing a Job entry reveals a **Send** button, which will upload your job to the Server.

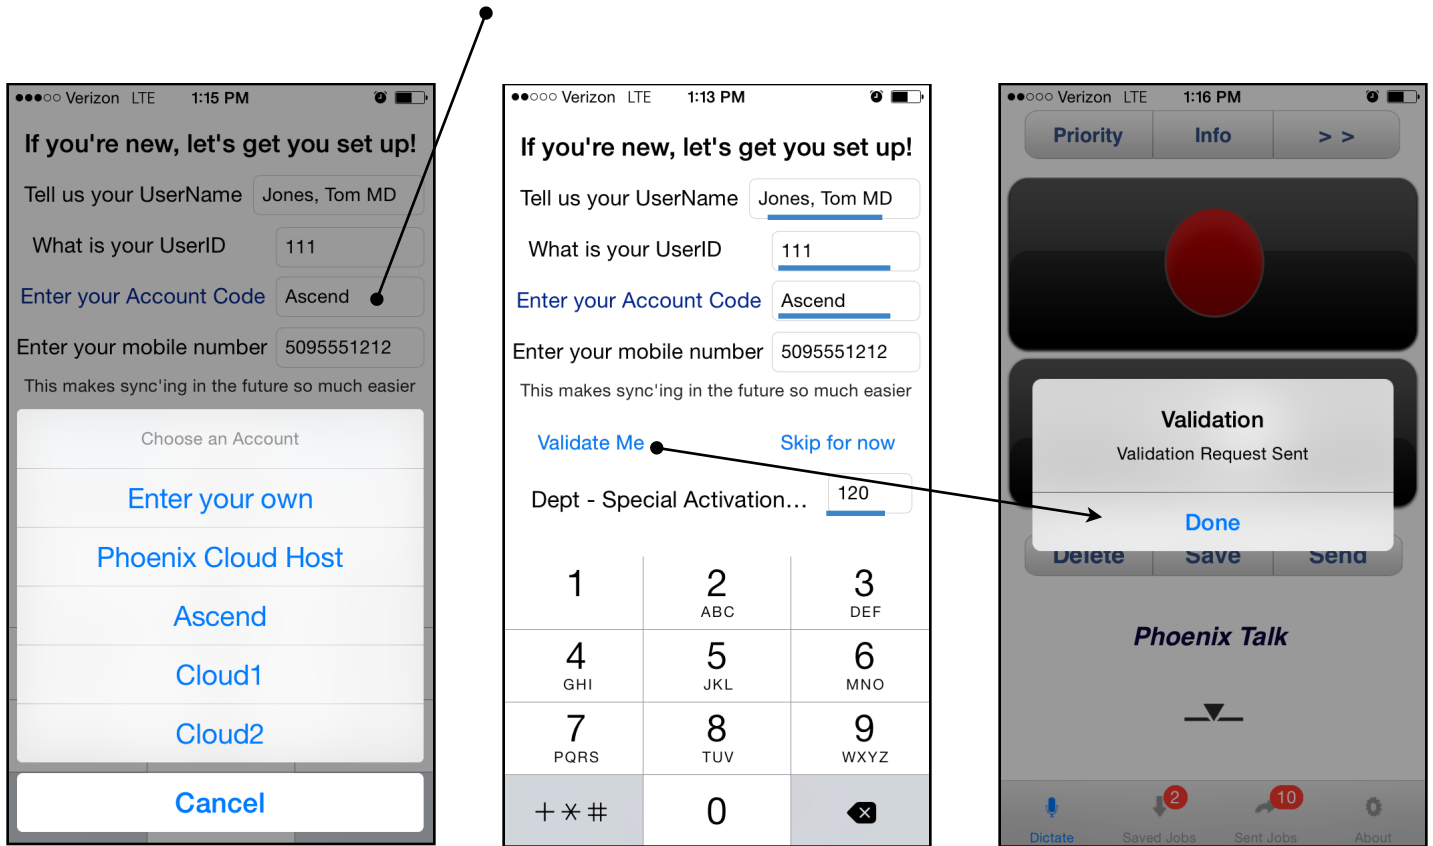

Sliding the job entry to the left plays the job and reveals the following option; Delete.

Pressing a Job entry opens the **Sent Status Screen**; this displays the upload server path.

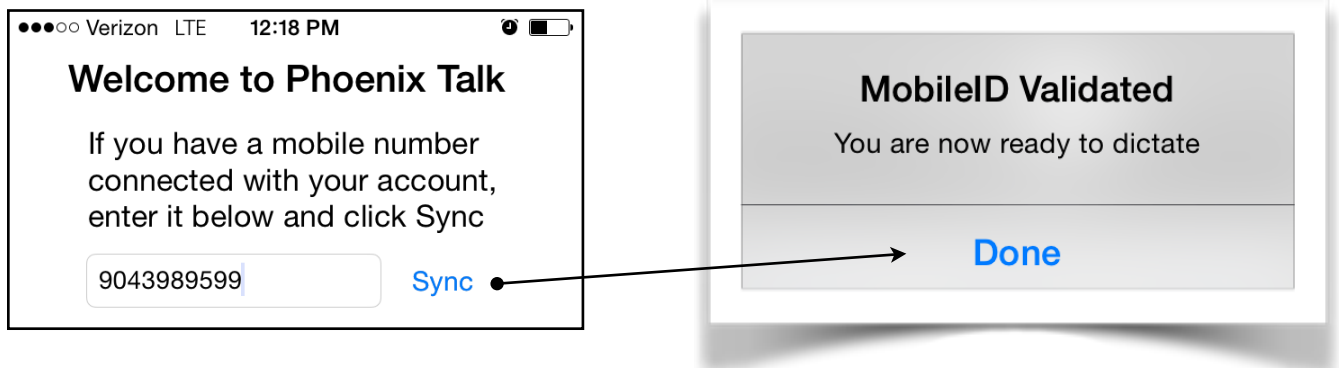

If Jobs are being sent to a **Phoenix Server**, the transcription status of the job is available in near real time from the Sent Jobs Tab. Status is updated every 10 seconds when in this tab.

If you're brand new to Phoenix Talk we've taken steps to make setting up your device as easy as possible. For typical installations you will be given a **UserName**, **UserID**, **Department**, and an **Account** code by one of our representatives. All of this user information can be added from the main Startup screen. If you press and hold your finger over the **Account** field, a dialog box with our most common Cloud servers will appear. Also, adding your mobile number to the account will make upgrading to a new phone in the future effortless.

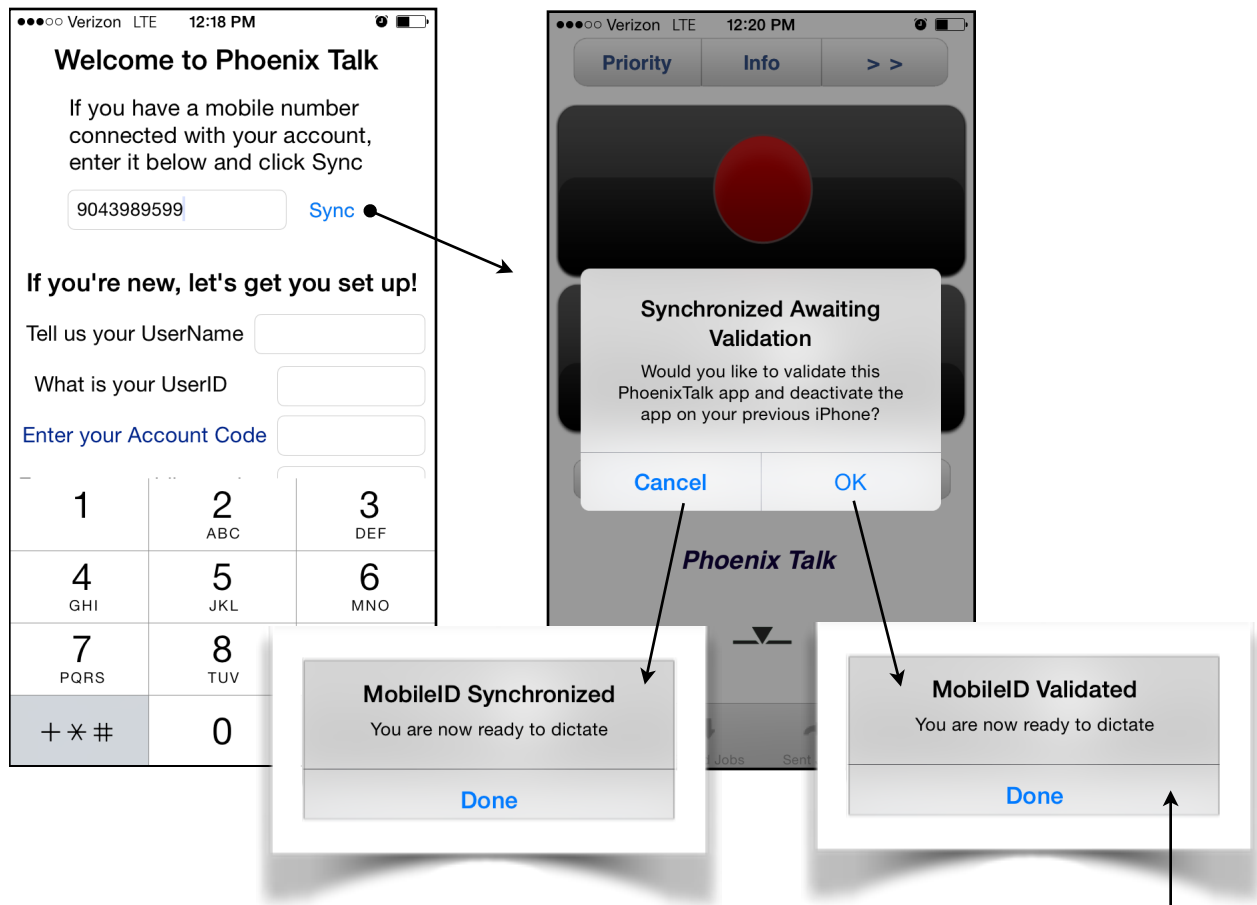

It's also possible for a Phoenix Talk representative to **setup your account before you purchase**, and link it with your mobile number. In that event, it's as easy as entering your **mobile number to the left of Sync** and pressing the **Sync** button.

We've made it easier than ever to transition your Phoenix Talk from one phone to the next.

In this day and age people are changing phones a Lot more frequently than ever before. Say you just switched from the iPhone 5s to the iPhone 6+, or you just switched from an Android to an iPhone. We've got you covered.

If you have the phone number associated with your device registered with our Validation server, it's as easy as entering your **mobile number to the left of Sync** and pressing the **Sync** button. Next click **OK** to switch your Validation, and **Done**. Then Dictate Away!

It's also possible for a Phoenix Talk representative to **setup your account before you purchase**, and link it with your mobile number. In that event, it's as easy as entering your **mobile number to the left of Sync** and pressing the **Sync** button.
