

# MacSpeech® Dictate international

Welcome to MacSpeech Dictate International, the premier Macintosh speech recognition solution for English, German, Italian, and French language speakers. Forget about typing; with MacSpeech Dictate International you're free to focus on what you have to say. MacSpeech Dictate International's accuracy and capabilities make it as productive and intuitive to use as the Mac itself.

## Features

### Amazing Accuracy

MacSpeech Dictate International will astound you with its accuracy rate—near perfection with up to 99% accuracy. You simply talk and leave the recognition to MacSpeech Dictate International. And MacSpeech Dictate International never misspells a word ... typos are a thing of the past.

### Essential Command Capabilities

Instead of using your mouse to select menu commands or your keyboard to type shortcuts, just speak a command. MacSpeech Dictate International executes it for you. What could be easier?

### Works With Your Applications

Microsoft Word, Adobe Photoshop, QuarkXPress, and more. And MacSpeech Dictate International works great with Apple's applications as well, including iChat, Mail, and Keynote, among others.

### Make Your Move

You don't need a keyboard or mouse to move around in your documents. MacSpeech Dictate International lets you move your cursor forwards, backwards, and much more with just your voice. It helps make editing your documents a breeze.

### Minimal Training Required

With minutes of training, you'll be using MacSpeech Dictate International's superior capabilities.

### Even Greater Recognition

MacSpeech Dictate International supports English, German, Italian, and French. And MacSpeech Dictate International boasts robust Phrase Training; it learns as it goes based on your voice input.

### Spelling A World Of Words

MacSpeech Dictate International's spelling mode lets you easily spell words, names, and acronyms with either natural language or the International Radio Alphabet.

### Document Freedom

MacSpeech Dictate International works great with most text documents, even those it didn't create. It can read a document's contents, or a portion of it, that you can then navigate and edit.

### No Hidden Costs

MacSpeech Dictate International includes everything you need to be instantly productive, including a high quality microphone headset.
