

PhoenixTalk

PhoenixTalk allows you to be **mobile**, yet still **connected** with your office!

Would you like to try our iPhone or Android App?

Communicate Instructions, Notes or Dictation that can be **Sent Automatically** to a chosen assistant or office within minutes?

This is a time saver! It's just that simple!

Prioritize, record, review and edit easily.

Automated upload to your assistant within minutes from anywhere 24/7! Great when traveling, home to office, office to office or working from home.

Select an assistant or an office, and add a reference name to your communication.

Save the recording to complete and send at a later time.
